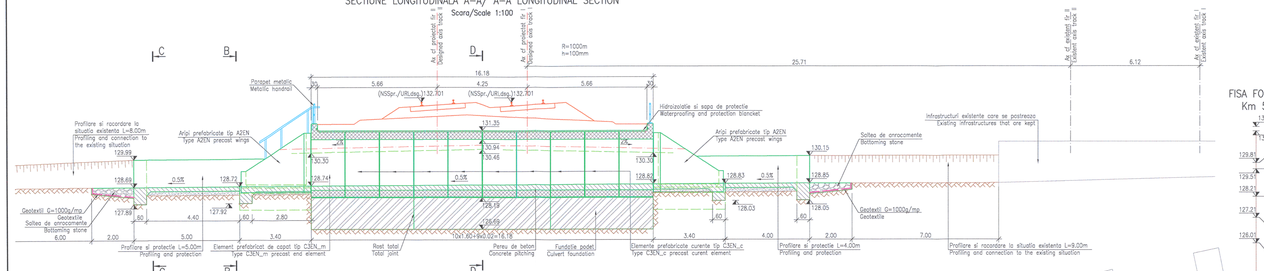
SECTIUNE LONGITUDINALA A–A/ A–A LONGITUDINAL SECTION

Scara/Scale 1:100



Parapet metalic
Metallic handrail
Profiluri si racordare la starea existenta L=8.00m
Profiling and connection to the existing situation
Argila prefabricate tip AZEN
type AZEN precast wings
Hidroizolatie si sapa de protectie
Waterproofing and protection blanket
Infrastructuri existente care se pastreaza
Existing infrastructures that are kept
Solteu de ancoramente
Bottoming stone
Geotextil G=1000g/mp
Geotextile
Profiluri si protectie L=5.00m
Profiling and protection
Element prefabricat de capat tip C3EN_m
type C3EN_m precast end element
Rost total
Total joint
Perete de beton
Concrete pitching
Fundatie podet
Culvert foundation
Elemente prefabricate curente tip C3EN_c
type C3EN_c precast current element
Profiluri si protectie L=4.00m
Profiling and protection
Profiluri si racordare la starea existenta L=9.00m
Profiling and connection to the existing situation
R=1000m
h=100mm
