**Update:**      26.09.2023

COMPANIA NATIONALA DE CAI FERATE CFR SA

## Recommended Template for Posting on the Websites of the Service Facility Operators

### Message for Service Operators and Service Suppliers

Both Law 202/2016, which transposes Directive 2012/34, as well as Implementing Regulation 2017/2177 require that service operators and service suppliers connected to the CFR network and/or service suppliers within these facilities should provide information on the conditions and charges for getting access to their facilities and for the supply of services.

In accordance with Article 5 (1)(a) of Regulation (EU) 2017/2177 this information shall be included in the network statement, by means of a link to a website (own website or a common portal) where this information is made available free of charge.

In order to support the service operators and the service suppliers in describing their facilities and/or services, CFR SA has developed a template, presented below, which reflects all the conditions of the aforementioned implementing regulation. This template may be used by the service operators and suppliers if they wish. This template is available in Romanian and English. The information must be published in two languages of the European Union.

CNCF CFR SA shall not be responsible for the information supplied by the service facility operators.

Regional Railway Branch: .....(to be filled in with the name of the CFR Regional Railway Branch)

Station: .....(to be filled in with the name of the Station)

Service Operator: .....(to be filled in with the name of the Service Operator)

### Service Facilities in the Railway Station
