FACILITIES IN THE STATION AND OF THE SUPPLIED SERVICES**

Validity: 15.12.2024 – 13.12.2025

Version: 14.0.0

Update: 15.12.2023

COMPANIA NATIONALA DE CAI FERATE CFR SA

Regional Railway Branch:(to be filled in with the name of the Regional Railway Branch)

Station:(to be filled in with the name of the Station)

Service Facilities in the Railway Station

No.	Title	General Information			
1. General Information					
1.1	Introduction				
1.2	Service Facility Operator	No.	Name	Address	Contact Data
		1	(*1) E.g.: CFR SA, CFR Marfă, etc.	(*2)	(*3)
		2			
		n			
		<i>In case of the service facilities where several service facility operators operate, there shall be specified whether separate access requests must be submitted or not</i>			
1.3	Validity Period and Update Process	(*4)			
2. Services of CFR SA					
2.1	Name of Service No. 1 <i>E.g.: Service No. 1 – loading/unloading</i>	Description of service <i>E.g.: loading/unloading of goods from the customer's means of transport</i>	(synthetic description in accordance with Annex II to Law No. 202/2016) (*5)		
		Type of service	(basic/additional/ancillary) (*6)		
2.2	Name of Service No. 2	Description of service	(synthetic description in accordance with Annex II to Law No. 202/2016) (*5)		
		Type of service	(basic/additional/ancillary) (*6)		
2.n	Name of Service No. n	Description of service	(synthetic description in accordance with Annex II to Law No. 202/2016) (*5)		
		Type of service	(basic/additional/ancillary) (*6)		

**3. Description of the Services Facilities Operated by CFR SA**

3.1	List of Service Facilities	No.	Name	Supplied Services
		1	<i>E.g.: Public Line No....</i>	<i>E.g.: Service 2.1</i>
		2		
		n		
3.2	Facility No. 1	Name <i>(in acc. with point 3.1)</i>		
		Location		
		Opening hours		
		Technical Characteristics (*7)		
		Planned changes in technical characteristics (*8)		
3.3	Facility No. 2	Name <i>(in acc. with point 3.1)</i>		
		Location		
		Opening hours		
		Technical Characteristics		
		Planned changes		

4. Charges for the Services Supplied by CFR SA

4.1	Information on Charges	<i>Link reference to the Annex comprising the charges (link to the document comprising the information on the service facility access charges and the charges for each rail-related service supplied therein) (*9)</i>
4.2	Information on Discounts	<i>(if applicable, link to the NS, to the information on the principles of discount schemes provided to the rail transport operators/railway undertakings, by taking into account the confidentiality of commercially sensitive data) (*10)</i>

5. Conditions on the Access to the Services Facilities Operated by CFR SA

5.1	Legal Requirements	<i>Link reference to Annex No. 4 Standard Access Contract To specify (if applicable) a template of access contract/legal document, and the general terms and conditions for supplying the access to the service facilities (to specify the link for those holding such facilities) (*11)</i>
5.2	Technical Conditions	<i>Technical conditions to be complied with for the use of the service facilities (type and maximum length of the rolling stock, gauge, maximum admissible tonnage) (*12)</i>
5.3	Self-supply of Services	<i>Information on the possibility for the rail transport operators/railway undertakings to self-supply services within the service facilities and the conditions to be complied with</i>

5.4	IT Systems	<i>Where relevant, information on the terms of use of the service operator's IT systems, if the rail transport operators/railway undertakings are required to use such systems, and the rules concerning the protection of the commercially sensitive data</i>
6. Allocation of Service Capacity Provided by CFR SA		
6.1	Access Request	<i>Information on modalities/procedures for requesting access to the service facilities and/or services supplied therein, including deadlines for the submission and processing of the requests</i> <i>Template of the request for access to the service facilities and the services supplied therein (web address where it can be found) (*13)</i>
6.2	Response to Request	<i>To specify the deadlines within which the service facility operator has to respond to the requests for access to the service facilities/supply of services</i> <i>A description of the coordination procedure and the priority criteria applied by the facility operator (*14)</i>
6.3	Available Capacity and Temporary Restrictions	<i>Information on (planned/unplanned) changes in the capacity of the service facilities that may have a major impact/may lead to temporary restrictions related to the operation of the service facilities (*15)</i>

(*1) To be filled in, as appropriate, with the names of the service facility operators (in acc. with Annex No. II point 2)

Service Facilities in accordance with Law No. 202/2016, Annex No. II Point 2:

- a)** passenger stations, their buildings and other systems, including the display of travel information and the appropriate location for the ticketing services;
- b)** freight terminals;
- c)** marshalling yards and train formation facilities, including the shunting facilities;
- d)** storage sidings;
- e)** maintenance facilities, except for the heavy maintenance facilities dedicated to the high-speed trains or other types of rolling stock that require specific facilities;
- f)** other technical facilities, including cleaning and washing systems;
- g)** maritime and inland port facilities related to the railway activities;
- h)** relief facilities;
- i)** refuelling facilities and fuel supply therein,
the relevant charges have to be separately specified on the invoices.

(*2) To be filled in with the address/addresses of the operators of the facilities existing at **(*1)**

(*3) to be filled in with addresses, phone numbers, e-mails of the operators of the facilities existing at (*1) and the website where the requested information on the service facilities is displayed

(*4) to be filled in with the date at which the document is updated or whenever there are additional updates

(*5) to be filled in with the synthetic description of each Service Facility in accordance with Law No. 202/2016:

(*6) to be filled in with one of the services described in accordance with Law No. 202/2016, Annex No. II, Sections 3 and 4:

3. Additional services may include:

a) traction power; the relevant charges have to be specified on the invoices separately from the charges for the use of the electric power supplying equipment, without prejudice to the application of Directive 2009/72/CE of the European Parliament and of the Council of 13 July 2009 concerning common rules for the internal market in electricity and repealing Directive 2003/54/EC transposed into the national legislation by means of Law on Electric Power and Natural Gas No. 123/2012, with its further amendments and supplements;

b) pre-heating of passenger trains;

c) specific contracts on:

- the control of the transport of dangerous goods;
- the assistance for the operation of special trains.

4. Ancillary services may include:

a) access to the telecommunications networks;

b) supply of additional information;

c) technical inspection of the rolling stock;

d) ticketing services in the passenger stations;

e) the heavy maintenance services supplied within the facilities dedicated to the high-speed trains or other types of rolling stock that require specific facilities.

(*7) a description of the technical characteristics of the service facility, such as sidings or shunting and marshalling tracks, technical equipment for loading and unloading, for washing, for maintenance and available storage capacity; information on private branch lines and sidings that are not part of the railway infrastructure, but are needed to get access to the service facilities which are essential for the provision of railway transport services;

(*8) to be filled in if there is a change in the information in the point **(*10)**

(*9) information on charges for getting access to the Service Facilities and the charges for the use of each of the rail-related services supplied therein (in accordance with EU Regulation Article 4(2)(m))

(*10) information on principles of discount schemes offered to the applicants, while respecting commercial confidentiality requirements.

(*11) information indicating the need for a contract, certificates or insurance

(*12) examples: - type of rolling stock – maximum length of the train, gauge, weight

(*13) *In accordance with Article 8 of EU Regulation 2017/2177 - Requests for access to service facilities and use of rail-related services:*

(1) Requests for access to service facilities and use of rail-related services may be made by applicants.

(2) Applicants shall indicate in their requests the service facility or the rail-related services for which they have requested access, or both. Operators of service facilities shall not make the access to the facility or supply of a rail-related service subject to mandatory purchase of other services which are not related to the service requested.

(3) The operator of a service facility shall acknowledge receipt of a request without undue delay. When the request does not contain all the information required in accordance with the service facility description and necessary to take a decision, the operator of a service facility concerned shall inform the applicant thereof and shall set a reasonable deadline for submitting the missing information. If such information is not submitted within that deadline, the request may be rejected.

Information on the minimum content and format of a request for access to service facilities and rail-related services, or a template for such a request;

(*14) *The descriptions of the response to requests as set out in Article 9 of EU Regulation 2017/2177. Moreover, a description of the coordination procedure and the regulatory measures referred to in Article 10, and the criteria referred to in Article 11 of EU Regulation 2017/2177.*

(*15) *In accordance with Article 4(l) of EU Regulation 2017/2177: information on changes in technical characteristics and temporary capacity restrictions of the service facility, which could have a major impact on the service facility's operation, including planned works*
