		Zădăreni 22,15-03,45	5,5		

* OBS: For RCCF - When a freight train not included in the 2025-2026 timetable is running, the temporary interruption of movement activity can be waived, with the application of the tariff from the temporary interruption of movement activity. If the freight train is included in the 2025-2026 timetable and runs during the period of temporary interruption of movement activity, the tariff from the temporary interruption of movement activity does not apply.

If a train is running during the temporary interruption of movement activity, but the entire interval of temporary interruption of movement activity is not covered, with a minimum of two hours remaining, the RC operator will grant, on its own initiative, the temporary interruption of movement activity for the remaining period. Once the temporary interruption of movement activity (the one-day period) has been granted, it cannot be canceled.

		Tg. Secuiesc - Bretcu 00,40 – 04,30	4	2	
Luduș - Măgheruș Șieu *	93,5	Sărmășel - Lechința 22,40-03,30	5h	2	

NOTE:

* (1)- non-interoperable section rented from SC RC-CF Trans SRL (suspension according to request),

* (2) – When a freight train not included in the 2025-2026 timetable runs, the temporary interruption of the movement activity can be waived, with the application of the tariff for exceeding the normal working schedule according to the RC-CF TRANS Tariff Catalog.

If the freight train is caught on the 2025-2026 schedule and runs during the period of temporary suspension of the movement activity, the tariff for exceeding the normal working schedule is not applied according to the RC-CF TRANS Tariff Catalog.

If a train is running during the period of temporary interruption of the movement activity, but the entire interval of the temporary interruption of the movement activity is not covered, leaving **a minimum of two hours**, the RC operator will, on its own initiative, grant the temporary interruption of the movement activity for the remaining period. Once granted, the temporary interruption of movement activity (rest time) is no longer cancelled.
