

The map shows a topographic representation of the Mintia area. A proposed road alignment is highlighted in yellow, running from the bottom left towards the top right. Key features include:

- km 486**: The starting point of the proposed alignment.
- km 489**: A point on the alignment near the town of Mintia.
- km 490**: A point further along the alignment.
- km 491**: The end point of the proposed alignment.
- km 489+872.100**: The specific location of the bridge structure, marked with a black circle and a line pointing to it.
- PODET/CULVERT**: A label indicating the type of structure at the bridge location.
- Topographic Features**: Contour lines showing elevation, roads, and various landmarks like 'Mintia', 'Herepeia', and 'Dealu Potenilor'.

Topographic map of the Mintia area in Romania, showing the Mureș river and surrounding terrain. A yellow line indicates a proposed road or railway alignment. Key locations include Mintia, Herepeia, and Dealu Potenilor. Elevation contours are shown in brown. A red line marks the alignment from km 488 to km 491. A black circle with a crosshair marks a specific point on the alignment at approximately km 489.5. Text labels include 'PODET/CULVERT' and 'km pr. (dsg.) 490+872.100'.
