Designation of the winning tender within the public procurement of the sectoral services contract

"Feasibility study and technical design for the modernization of the Coșlariu - Cluj-Napoca Railway"

Following the award criterion „the best quality-price ratio” in the evaluation of the submitted tenders within the public procedure for the sectoral services "Feasibility study and technical design for the modernization of the Coșlariu - Cluj-Napoca Railway", the National Railway Company "CFR" S.A. approved the Evaluation Report on 1st September 2021 and designed the winning tender submitted by the **Association TPF Inginerie S.R.L. (leader) - S.C. I.S.C.P.F. TO. - S.C. BAICONS IMPEX S.R.L** amounted to **41,842,445 lei** (without VAT).

The official communications were sent to all the companies participating in the open tender. The sectoral services contract will be signed by both parties (CNCF CFR SA and the winning tenderer), after the end of the legal period of appeals.

The period of implementation of the service contract is **23 months** from the date of commencement of the provision of services.

The source of financing is provided from funds allocated from the Connecting Europe Facility, granted through the Grant Agreement no. INEA / CEF / TRAN / M2019 / 2091833 / 22.10.2020 in proportion of 85%, and the difference of 15% of the eligible costs and VAT are ensured from the State Budget.

Project co-financed by the European Union's Connecting Europe Facility (CEF)
