Press Release

Signing of the contract for Design and Execution of the works related to the investment objective "Modernization of the railway infrastructure in the Port of Constanța - Stage 1A, Valu lui Traian"

On 15.03.2024, at the headquarters of SRCF Constanța and on behalf of the National Railway Company "CFR"-SA was signed the design-build contract related to the investment objective "Modernization of the railway infrastructure in the Port of Constanța - Stage 1A.

The value of the contract is 377,508,624.73 lei without VAT. The payments will be made from nonreimbursable funds (maximum 50% from the total eligible) provided through Connecting Europe Facility for Transport (2021/2027) and from the State Budget of Romania (50% co-financing and VAT).

The contract was awarded to the Association Bawi Construction S.R.L. (leader) - Swietelsky S.R.L. that has as objective the modernization of the infrastructure and superstructure in Valu lui Traian station (Group Line no 5-8 from the station and lines no 1-32 from the Waiting Group Lines, including construction of 2 connection lines between these groups and connection to line 800 in direction of Constanta Port), electrification and modernization of the electrification installations (25 kV) by ensuring the integration of the newly introduced elements into the existing SCADA system at DEF Constanța, rehabilitation of 2 culverts.

The beneficiary of the project is the National Railway Company "CFR" S.A.

The contract implementation period is 30 months, of which 9 months for design, 20 months for works execution, one month for tests. The defect notification period is 96 months.

Project co-financed by the European Union
